Dinerware

Dinerware delivers a robust and reliable restaurant point of sale software package that is highly flexible, easy to learn, use and modify.

ORDER ENTRY AND TICKET HANDLING
Dinerware provides servers and bartenders with a POS system that allows them to effortlessly fulfill customer requests.

COMMUNICATIONS
Ensure an informed staff with features that keep everyone connected.

PAYMENT
Flexible payment options let you customize Dinerware to suit your business, not the other way around.

MENU SETUP
Create a different menu for each shift without having to re-enter shared items with fully customizable menus.

KITCHEN PRINTING
Dinerware takes the guesswork out of course timing and food preparation.

LABOR
Simplified labor features allow managers to create new jobs, edit timesheets and look up employee information in seconds.

PRICING
Powerful pricing functionality lets you set up automatic promotional discounts, limit which staff members have void and comping privileges and more.

REPORTING
Dinerware has more than 70 built-in reports that you can access with a few touches—even export the data in several formats.
